EDUCATION

MIT Academy of Engineering, Pune, Maharashtra <i>Degree: BTech Computer Engineering (Pursuing)</i>	2023-27
Dayanand Science College, Latur, Maharashtra <i>Degree: HSC (Percentage: 68.00)</i>	2022
Sant Goroba Kaka Vidyalaya, Saundana, Maharashtra <i>Degree: SSC (Percentage: 93.40)</i>	2018

PROJECTS

Library Management System — PHP, MySQL, JS, HTML/CSS - [Project](#)

Built a secure DBMS project for MITAOE Central Library using real data. Implemented role-based dashboards (Admin, Staff, Student), fine automation, real-time announcements, and full staff management. Optimized SQL queries for performance and ensured secure access control.

Freelancing Platform (Fiverr Clone) — MERN Stack, Stripe, WebSockets - [Project](#)

Built a full-stack Fiverr clone with secure role-based access, JWT auth, Stripe payments, real-time chat, advanced search filters, and media upload via Cloudinary—demonstrating scalable app architecture and production-grade MERN practices.

KitUp – Student Utility Platform — React.js, HTML5, CSS3, JS - [Project](#)

Designed and developed a centralized student platform to manage class schedules, accommodation search, academic notes, projects, and gadgets marketplace. Built a responsive, mobile-first frontend with modular components and real-world usability in mind. Frontend completed; backend in progress.

TECH SKILLS

Programming:	C++, Python, Java, C
Technologies:	HTML5, CSS3, Bootstrap, React.js, JavaScript (ES6+), Node.js, Express.js, MongoDB, Mongoose, Firebase, MySQL, PHP, Cloudinary, Stripe API, JWT, RESTful APIs, React Query, useReducer, WebSockets
Other Tools:	Postman, Matlab, Tableau, Github

CODING PROFILES

-
- Codeforces - [SatAlgo](#)
 - Codechef - [explicitcode](#)
 - Leetcode - [SamAlgo](#)

Leadership Experience

-
- Led and coordinated various college campus activities, demonstrating strong organizational and leadership skills.
 - Successfully managed teams, fostering collaboration and engagement among students while ensuring smooth execution of events.
